

CORPORATE PLAN 2022-23

Our Mission

To regulate, coordinate and enhance the delivery of health services.

Our Vision

To achieve a quality, equitable and sustainable health system.

Our Priorities:

Regulation:

- ✓ Monitor and inspect health facilities to ensure safe and quality care.
- ✓ Ensure providers are paid on time for services they deliver to patients.
- ✓ Enforce the requirement for employers to maintain active health insurance for employees.
- ✓ Improve access to health insurance by removing pre-existing conditions requirements.
- ✓ License health insurers and approved schemes for 2023.

Accountability:

- ✓ Ensure smooth and transparent operations and financial management of the Council.
- ✓ Encourage public engagement on health issues through education.
- ✓ Identify corporate objectives and strategic goals to ensure alignment with its mandate.
- ✓ Conduct public surveys on the perceptions of healthcare including care quality.
- ✓ Ensure efficient and effective accounting policies and procedures.

Quality & Standards:

- ✓ Develop a Long Term Care (LTC) strategy to meet the needs of residents in Bermuda.
- ✓ Improve patient identification by implementing a unique patient identifier.
- ✓ Provide efficient and accurate registration of health facilities, health professionals and personal home care providers.
- ✓ Develop a plan for the expansion of kidney transplant coordination to larger scale chronic kidney disease management.
- ✓ Improve coordination of overseas care provision to ensure efficient use of resources and access to appropriate care.

Finance & Economics:

- ✓ Contribute to the Bermuda Government's plan for health reform.
- ✓ Strategize on the best funding mechanisms for public health entities and services.
- ✓ Manage and continue to enhance the structure of the Innovation Programme.
- ✓ Continue to support health system improvements by providing strategic data to various stakeholders.
- ✓ Develop plans for the implementation of the Bermuda Drug Formulary.
